QUOTE: LED HI-BAY LIGHTS

Dear Customer

Dear

6 September 2016

1. INTRODUCTION

This quotation is for LED Hi- and telescopic stick with bracket for changing of the Hi-Bays as discussed.

It is hereby confirmed that the quoted lights will provide more lumens and lux on the ground than 400 and 1000 Watt HID lights respectively. The standard HI-Bay without lenses mounted at 5 meter height will yield light levels of more than 300 Lux on the ground.

For mounting highs above 6 meters we recommend the lensed option. In this case mounting at height of 8 meters will yield lighting level of 300 Lux on the ground. By mounting the lensed option at 5 meters lighting levels of more than 400 Lux can be obtained but the amount of horizontal illumination is reduced.

The specifications of the new lights are attached. The standard guarantee is 3 years but 5 years can also be provided.

2. PRODUCTS

12. Elexpert is not responsible or liable for the wrongful, unlawful or negligent acts of its employees or nominees and is not responsible for any consequential loss arising there from.

4. WARRANTEE.

All the units will carry a 3 year exchange warrantee. This will be on site within 6 weeks. The cost of changing the light will be for the account of the customer. In the case of Hi-bays this can be done with the telescopic stick thus not incurring big costs.

If any of the units fault after the warrantee period, the same process will apply except that a fee will be charged to collect / install / replace / repair the faulty components. It is important to note that only the faulty components will be replaced and be charged for.

5. CONTRACT AND PAYMENT

Your written acceptance of this quote will constitute an agreement on the terms quoted.

Payment terms are as follows:

- On written acceptance of the quote with the associated terms and conditions the goods will be delivered to your office.
- Delivery of the lights can be done within 8 weeks of the order being placed.
- An invoice will be made out on day of delivery of the lights.
